

A Mistaken Marriage with Mr. CEO

Chapter 1 To 5

Chapter 1 Ma'am, you broke my shirt

You broke my shirt, ma'am.

"I'm sorry, I really didn't do it on purpose." Due to his mistake, the hairspray sprayed onto the other party's collar.

This was the second time she had made a mistake today.

Shen Qi felt that she would definitely die today.

As a top private stylist, but he had committed a mistake that even an apprentice would not commit.

A man in the midst of modeling was born with a pair of phoenix eyes. He lowered the corners of his eyes, raised the tail of his eyes, and coldly stared into the distance.

A man like that is a cruel and heartless man.

He Yi Ning once again looked at Shen Qi's collarbone.

There was a birthmark the size of a fingernail, like a flame.

The fiery red birthmark was written in the middle of her exquisite collarbone, beautiful yet warm.

"This is the second one you destroyed." He Yi Ning glanced at his destroyed clothes, then raised his head to look at Shen Qi, and his eyes slightly narrowed.

Shen Qi felt an overwhelming pressure pouring down from her back in an instant.

Shen Qi's fingers trembled. "I'm sorry ..."

Just as the depths of Shen Qi's heart was in turmoil as she awaited for the conclusion of her fate, He Yi Ning suddenly went over to Shen Qi's ear and charmingly smiled: "Are you trying to keep me here?"

His breath suddenly sprayed onto Shen Qi's ears, and the hormone aura instantly covered the sky and permeated through all directions.

Shen Qi's pupils instantly contracted.

His body reacted immediately, extending his hand to push away He Yi Ning.

As his finger made contact with the other party's chest, the touch felt a patch of gentleness, causing Shen Qi to quickly retract his finger as if he had been scalded.

Shen Qi embarrassedly took a step back, but she forgot that she was behind him on the makeup table, and her entire person suddenly stuck to it.

Just as they were about to get up, He Yi Ning leaned over and pressed his nose against hers.

Shen Qi did not even dare to breathe loudly, her lips quivered slightly, her heartbeat sped up and her mind went blank.

Looking at Shen Qi's gradually reddening ears, He Yi Ning laughed softly.

"One last time." That beautiful voice sounded above Shen Qi's head, causing him to almost be unable to believe that she had actually escaped this calamity.

The king of commerce.

A ruthless workplace tyrant.

The legendary President of He's Consortium.

The diamond king that a million women would love to see ...

He had too many titles, Shen Qi could only remember one thing: If anyone made a mistake in front of him, then they would have to bid farewell to this business for the rest of their lives.

He had made two mistakes today, but he didn't let him disappear?

His tall and big figure quickly left. Shen Qi who was only 165 centimeters tall instantly felt the pressure and stood up.

"Lady, I have fifteen minutes." He Yi Ning kindly reminded Shen Qi.

Shen Qi regained her senses and hurried over to finish the rest of the work.

After finishing his pose, Shen Qi asked worriedly: "The compensation for the two pieces of clothes ... "How much is it?"

He Yi Ning looked at her with interest: "Seeing that you have voluntarily admitted your wrongs, we will only charge you the price, five hundred thousand per piece."

What? A million for two sets of clothes?

Shen Qi's face instantly paled.

"What is it? Couldn't afford it? Otherwise... "Using something else to pay off the debt?" He Yi Ning looked at his new appearance and looked at Shen Qi through the mirror ...

Throwing these words down, He Yi Ning stood up and left with ease.

Shen Qi was so angry that she couldn't even speak.

As the manager of the He clan, he actually ...

The phone rang. Shen Qi looked at the number, her heart suddenly hurt, and quickly picked it up: Hello, Auntie. Is there any news from Zhan Bo?

There was a long silence on the other end of the phone. After a full minute, a tired reply came in, "The police said that forty-eight hours have passed. I'm afraid there's not much hope of survival."

Shen Qi felt her mind go blank.

His body went limp and he slumped onto the carpet.

Zhan Bo, dead?

Why did he say he would die just like that?

Didn't you say that you would have a pair of lovers for life?

Didn't you say that you would be engaged as soon as you returned this time?

Liar, Zhan Bo, you big liar!

Shen Qi didn't know how she had walked out of the door.

When she regained her senses, she found that her entire body was drenched.

She wiped her face, not knowing whether it was tears or rain, blurring her vision.

Shen Qi wanted to cry and vent all her anger.

However, it was only at this moment that she understood that she could not even cry when the pain reached its peak.

Shen Qi staggered forward. In the pouring rain, the only sound left in the world was that of despair.

He Yi Ning saw the figure that was staggering by the side of the road, and instantly recognized the figure of the woman that was giving him the pose. His heart inexplicably tensed up, but just as he was about to walk past her, he suddenly said: "Stop."

The pure white Rolls-Royce stopped steadily. As the windows rolled down, the peerless beauty in the rain looked more and more like an otherworldly god.

Realizing that the lady in the rain had not noticed him at all, He Yi Ning couldn't help but squash his eyes.

No one had ever ignored him like this.

"Get in." She spoke with a light tone of anger. Was this woman a fool? Such a heavy rain and he didn't know how to use an umbrella?

Shen Qi heard the voices behind him, and automatically stopped and turned.

When he saw He Yi Ning's cold and indifferent beautiful face, for some reason, the tears that he had suppressed just a moment ago burst once again in a flash.

Shen Qi's lips trembled as tears rolled down her cheeks.

Even though she knew he was just a stranger to her.

However, Shen Qi really wanted to find someone to pour out her heart to, because in this world, she did not even have a single person that she could pour out her heart to.

Even if the other party was just a stranger, she could not hold it in any longer, "He's dead, and won't be able to come back ... No more... "I won't be able to come back ..."

Before he finished his sentence, he was already sobbing silently.

He Yi Ning looked at Shen Qi, who suddenly seemed to be as weak as a piece of thin paper.

For some reason, that little bit of anger disappeared in an instant.

He Yi Ning opened the car door for Shen Qi personally, and then suddenly became soft: "Get in."

Shen Qi was like a person who was about to drown, she suddenly grabbed onto the last straw and without any hesitation, got on the carriage.

Shen Qi curled up on her seat and cried like a child.

She was so afraid of being alone. She was so afraid of being alone in the dark.

He Yi Ning's eyes contracted as he said to the driver: "To Jinghua Manor."

The driver was surprised for a moment, but he immediately calmed down, and quickly drove towards Jinghua Manor.

When Shen Qi regained her senses, he found that she was in a villa in a huge manor.

Looking at the exquisite and simple Western European style rooms around him, Shen Qi realized that he had actually gotten into a strange man's car and went to his home.

Shen Qi subconsciously stood up straight, grabbed her own bag and prepared to escape in a sorry state.

“What is it? You owe me money, yet you want to run in such a hurry? ” The distant and indifferent voice said these words.

Shen Qi suddenly turned around and saw He Yi Ning wearing a white pyjamas walking towards him.

Her short black hair that had just finished a bath was disheveled and tattered, causing He Yi Ning to become even more unrestrained and imposing.

Chapter 2 substitute marriage

Shen Qi's gaze fell upon He Yi Ning's long and slender legs, and was a little unable to shift her gaze away.

She had to admit that He Yi Ning was truly a proud son of heaven.

He had everything in the world that all men wanted.

Appearance, figure, health, wealth, status, rights, etc.

But no matter how good a man was, it had nothing to do with her.

Although she regretted her reckless actions, she did not shrink back and looked He Yi Ning in the eye and said: “I'll write you an IOU right now. I'll pay you back the rest of your money. “

He Yi Ning suddenly approached and slowly pressed down on Shen Qi.

Caught off guard, Shen Qi immediately fell onto the sofa. She watched helplessly as He Yi Ning headed towards her to bully her, but didn't dare to extend his hand and push her away at all.

She knew that as soon as she stretched out her hand, it would touch his smooth, tight chest.

She could only desperately retreat backwards.

Shen Qi was already half-lying on the sofa, she really had no way out.

Fortunately, He Yi Ning had stopped pressing down and maintained the distance of a fist with her, looking down at her from above.

Due to the rain, the clothes on Shen Qi's body tightly stuck to her body, revealing an exquisite curve.

He Yi Ning's gaze swept over Shen Qi's body a few times, and finally fixed onto the space between her collarbones.

He Yi Ning suppressed the urge to touch the birthmark. He slightly lifted his phoenix eyes, and a hint of emotion that no one could understand was concealed within them.

The light cast a shadow on He Yi Ning's face, but it also caused his narrow and long phoenix eyes to become even more amorous.

The sharp curve of his eyelashes and the curve of his lips were strangely harmonious and uniform.

He Yi Ning looked at Shen Qi with a smile that was not really a smile: "Oh?"

Shen Qi protected her chest with her hands. No one knew whether she should push or not, but because of the nervousness, her entire body stiffened up as though she had turned into a sculpture.

Shen Qi turned her head with all her might and closed her eyes, refusing to look at He Yi Ning.

It was as if as long as she did not look, there was no such thing as being bullied.

He Yi Ning chuckled as he looked at Shen Qi's ostrich posture. He slowly straightened his body, turned around, and sat on a single sofa at the side.

A servant immediately came over and changed into a towel to dry He Yi Ning's hair. Someone came over and knelt down to help him clean his nails.

Shen Qi waited for a long time, but before anything terrifying happened, she slowly opened her eyes.

Shen Qi wanted to sit up, but discovered that her legs had actually become numb from being too nervous.

When Shen Qi was seated, He Yi Ning suddenly opened his mouth: "Why are you crying so bitterly?"

Shen Qi's body instantly stiffened, and the alertness she had raised was instantly enveloped by grief.

She lightly shook her head, not wanting to explain anything, she only slowly stood up and bowed towards He Yi Ning: "Thank you, I will definitely pay you back the money I owe you."

She wanted to find someone to talk to, but it definitely couldn't be this dangerous man in front of her.

She must have been dizzy just now, to cry so bitterly at him.

Shen Qi thanked her in a simple manner and left. Looking at her back view, He Yi Ning's eyes flashed, but she still got someone to send her back home.

The rain outside was too heavy.

Shen Qi returned home, and just as she entered, several gazes landed on her.

Shen Qi said indifferently: "I'll be going to rest first."

"Halt!" An imposing voice sounded from behind him, and forcefully stopped Shen Qi in his tracks.

Shen Qi slowly turned around and looked at the middle-aged man who took care of her condition appropriately.

Shen Gang's face sank, "You actually have a father like me in your eyes? Where'd you go so late? "See what you look like now!"

The corner of Shen Qi's mouth twitched, but she did not say anything.

With Shen Gang's power, how could he not know about the news of Zhan Bo's incident? Why ask when you already know the answer?

The young maiden sitting beside Shen Gang also scolded Shen Qi: "Xiao Qi, why are you always making your father angry? Hurry up and apologize to your father! "

Shen Qi did not utter a word, that voice was stuck in her throat, unable to come out.

Shen Gang pointed at Shen Qi, his entire body trembling in anger: "Look, this is your daughter!"

Mrs. Shen quickly quelled Shen Gang's anger, turned and said to Shen Qi: "Xiao Qi, sit down first, we have something to say to you."

Shen Qi thought for a while, then without going back to her room to change, he sat in front of them with her entire body drenched, waiting for their lesson.

Whatever she did, she did wrong. Let's hear what they have to say tonight.

Mrs. Shen exchanged glances with Shen Gang, then said: "Xiao Qi, do you still remember how the Shen family arose?"

Without waiting for Shen Qi to reply, the Mrs. Shen continued, "It was the He Family that gave us some money, allowing the Shen family to bring the dead back to life. The He Family thinks highly of the Shen family, and gave them a chance. As long as they can give birth to a child for the He Family, they will not have to pay back the money. "

Shen Qi was aware of this matter, and replied with a frown: "Didn't we already set a date for Shen Yin Yin's marriage to be the Young Mistress?"

Mrs. Shen immediately put on a smile: "That's right, although I had long decided to let Yinyin marry me. However ... Xiao Qi, something has happened to Yinyin right now, she cannot marry into He Family. "

Shen Qi did not utter a word.

“Yinyin ...” “Your body doesn’t allow it ...” Mrs. Shen’s stuttering expression made a bad premonition rise from the bottom of Shen Qi’s heart.

“What do you want?” Shen Qi immediately interrupted the Mrs. Shen. “If there’s something you want to say, just say it.”

Shen Gang, who was sitting at the side, did not want to drag this on any longer and straightforwardly said: “You’ll marry her in Yinyin’s place!”

Shen Qi’s face suddenly changed, her body instantly tensed up: “Father, what is the meaning of this?”

Shen Gang’s face darkened, “Shen Qi, the Shen family has kept you for 18 years. Even if you raise a pet, it’s time to repay the master!”

Seeing that Shen Gang was angry, Mrs. Shen immediately turned and begged Shen Qi: “Xiao Qi, if no one from the Shen family marries into the family, He Family will take back the money that he had lent us before, and the Shen family will be really done for. When the time comes, this villa, car, jewelry and stock will all be gone! The Shen family is finished, who paid to treat Xiao Liu?”

Shen Qi felt as if she was struck by lightning.

Yeah, the Shen family is finished. What should I do?

If he was to say that he was only left with one relative in this world, then that relative was not the mother who wanted to push him into a pit of fire, but rather her brother, Shen Lu.

But how could he marry someone else?

He was going to be with Zhan Bo for his entire life!

Shen Qi absentmindedly left the living room. Once Shen Qi left, a young girl, who was dressed beautifully, slowly walked down the stairs and hugged onto Mrs. Shen’s neck, “Mom, I don’t want to marry that person from He Family, he’s just an adopted son. Now, she doesn’t even have the right to inherit, she’s just a cripple!”

Chapter 3 coercion

Mrs. Shen hugged the young girl painfully. "Fine, fine, we won't marry. Since we, Yinyin are so beautiful, of course we'll marry the best. "Since you don't want to marry, then let your sister marry her!"

"She isn't my big sister, she doesn't have the Shen family's bloodline on her." Shen Yin Yin said in disdain, then changed her tone: "If you want to marry, you must marry He Yi Ning, he is the future family member of He Family."

Shen Qi returned to her room in a daze. When the door closed, her entire person leaned on the door and slowly slid down, suddenly sitting on the carpet.

He hugged his knees as tears streamed down his cheeks.

Zhan Bo did not know if he was dead or alive, but his family actually wanted him to marry them for Shen Yin Yin.

If he doesn't marry, the Shen family will cut off his brother's medical expenses.

But if he were to marry ...

Then what about Zhan Bo?

Why did God do this to him?

Someone knocked on the door. "Xiao Qi, I know you're in the room, can Mommy talk to you?"

Shen Qi's body stiffened, her fingers instantly tightened.

After a moment of silence, he opened the door.

Mrs. Shen didn't care whether or not her daughter had changed into wet clothes. She walked in and said, "Xiao Qi, I know you hate me. But there's nothing I can do! That year, when I brought Xiao Liu to marry you, I suffered for who knows how much. The Shen family also treated you two as your own, giving you the surname of the Shen family, allowing you to study and treat your brother's illness. "You know that your brother won't be able to get better in this lifetime. If there isn't a good hospital, then he won't be able to live for long."

Shen Qi's downcast eyes concealed boundless sorrow.

"Just thinking about how our Shen family would be forced into debt because of the He Family, my heart is not at ease. Without all these, what would you and Xiao Liu do?" Mrs. Shen rubbed his eyes pretentiously, "I did all of this for your own good. Although the He Family is just a foster son, he's still the eldest son of the He Family. Once you marry him, you will be the eldest young mistress! Even if he is not the leader of the He Family, He Yi Ning will still consider it as being a brother and give you a lifetime of wealth and glory. "

Seeing that Shen Qi was not moved, Mrs. Shen finally used her ultimate killing move. She turned around and started to wail: "My life is miserable! I've had three children in my life. One of them was born stupid, while the other was born unfilial and wanted to kill me, my mother! Pity my Yinyin is still so small, she's going to be a motherless child... Woo woo ... * I might as well die right now! What's the point of me living? "

Every time Mrs. Shen was like this, Shen Qi would compromise.

But this time, Shen Qi asked indifferently: "Mom, Zhan Bo has been filial to you since he was young, so he would bring gifts to pay respects during festivals. Did you ever ask me about him? "

As soon as he said that, Shen Qi's eyes instantly reddened and she almost cried again.

"Isn't he already dead? It's just a dead man, what's there to ask?" Mrs. Shen blurted out: "If it wasn't for the fact that Zhan Bo's family still had some power, how would I have agreed to have a relationship with you?"

Shen Qi shut her eyes forcefully, and her tears started to fall.

She was truly unwilling to admit that the person who had said those words was actually her mother.

In her eyes, besides herself and Shen Yin Yin, who else did she care about?

"Besides, didn't I find you a better home now?" Shen Qi, you better not be lucky here. What kind of family was the He Family, and what was the Zhan Clan? I warn you, if you dare not marry Xiao Liu, I will

immediately get someone to stop Xiao Liu's treatment! " Mrs. Shen exhausted his patience and immediately stood up. He did not even glance at Shen Qi before he left the room.

Listen to what she said? It was her son! She wanted to threaten her daughter with her own son!

Hearing the door being slammed shut, Shen Qi could no longer control her emotions, she hugged her knees and started to wail.

A figure timidly stood in front of Shen Qi and timidly spoke, "Xiao Qi, your clothes are wet."

When Shen Qi heard this voice, she slowly raised her head.

Shen Lu's astounding appearance instantly caught Shen Qi's attention.

Shen Qi instantly stood up and threw herself into Shen Lu's embrace, fiercely venting all of her grievances with her tears.

No one in the whole family noticed the rain water on her body. Only her brother, who had the autism disease, noticed it.

"Brother ..." Shen Qi tightly hugged onto Shen Lu's waist, and sobbed without a sound.

"Don't cry, Xiao Qi, don't cry." Shen Lu's body stiffened, but he still mechanically stroked the top of Shen Qi's head.

Shen Qi coaxed Shen Lu to sleep as he sat in a daze.

Since she could remember, taking care of her brother had become her responsibility.

He didn't know when, but his brother had been discovered by the autism, and would never communicate with anyone ever again.

Other than Shen Qi being able to approach him, no one else was able to.

Shen Qi reached out and gently caressed his brother's face, the bottom of his heart becoming soft.

In terms of looks, she was the only existence that could be said to be on par with He Yi Ning. One was bewitching and the other was bewitching.

However, the two of them were in completely different situations.

His brother could only be locked in his room and immerse himself in the world of loneliness.

He Yi Ning, on the other hand, was the ruler of the financial world.

When he thought about He Yi Ning, Shen Qi felt that his mood was terrible.

After his brother's long treatment, he was already willing to communicate with him. The doctor said that if he persisted for a while longer, he would be able to communicate with normal people.

At this critical moment, how could she stop the treatment?

However, all the money he earned was taken away by his mother for the sake of nourishing his brother's body, not to mention the one million yuan he still owed. If the Shen family is unwilling to pay ...

Shen Qi did not dare to think further.

She could not imagine Shen Lu falling into the darkness once again.

No, absolutely not!

He Yi Ning shook the wine cup in his hand, looked at his big brother who suddenly paid him a visit, and slightly squinted his eyes: "Give me a reason to marry you."

He Yi Ning's big brother, the adopted son of the He Family — He Yi Qi forcefully poured all the red wine in his hand into his mouth and let out a long breath, "Yi Ning, I have already officially renounced the right of inheritance for the He Family."

"But that's not enough for me to give up my marriage as a bargaining chip." He Yi Ning chuckled, a glint of light flashing across his phoenix eyes: "Change the terms."

“If I were to tell you that I already have you, who has been bitterly searching for that little girl’s whereabouts ... “What about this condition?” He Yi Qi suddenly raised his eyes and looked at his younger brother, whose eyes were already shining with sharpness and seemed to be able to shake the world.

He Yi Ning’s fingers suddenly tightened, his handsome and charming face instantly changed: “Are you serious?”

He Yi Qi nodded his head: “The last place she appeared in was the place I wanted to go. I can help you find out about it along the way.”

He Yi Ning was still a little hesitant.

He Yi Qi immediately said: “As long as she isn’t pregnant a year from now, the Old Madam will drive her away. You will only have to pay a year’s worth of freedom.”

Chapter 4 Zhan Bo's funeral

He Yi Qi’s last sentence, finally moved He Yi Ning completely.

He Yi Ning chuckled, “Then, I won’t be courteous. I hope that we can hear big brother’s good news as soon as possible! “

He Yi Qi raised his glass and said to He Yi Ning: “I hope for a pleasant cooperation.”

Knock knock knock * There was a knock on the door.

Shen Qi struggled to open her eyes. Her entire body was extremely sore, and she didn’t even have the courage to move her fingers.

Who was knocking on the door?

Shen Qi struggled to crawl back up, his vision became blurry, and with a touch on her forehead, it was extremely hot.

It seems that the fever caused by the late change of clothes after the rain yesterday did not go away.

The door was smashed with a bang, Shen Qi could only struggle to open it.

The door opened, and Mrs. Shen and Shen Yin Yin stood at the entrance.

Unsurprisingly, Shen Yin Yin said with a face full of contempt and disdain, "What are you doing? Knocking for so long to open the door? If you want to die, die in He Family, and not stay in the Shen Family! "

Shen Qi ignored Shen Yin Yin's sarcasm and turned to look at Mrs. Shen: "Mom, is there a problem?"

Mrs. Shen glanced at Shen Qi, and completely ignored the abnormal flush on her face, and coldly said: "Oh, the Zhan family called. They said that Zhan Bo's corpse was found"

Shen Qi's mind went blank, and only one sentence was being read repeatedly: Zhan Bo's corpse has been found...

Shen Qi only felt her vision darken, and reached out to support the door frame subconsciously. Unexpectedly, her legs softened, and her entire body fell onto the carpet in a sorry state.

Overhead, Shen Yin Yin joyfully and proudly laughed out loud. "Seeing her this sad, I'm really happy!"

Shen Qi's lips began to tremble. She could not wait to hear Shen Yin Yin's mocking voice as she struggled to get up.

She was going to the Zhan Clan!

The last time she wanted to see Zhan Bo!

But twice in a row she did not get up from the ground.

Seeing Shen Qi's pathetic and helpless expression, Shen Yin Yin finally grabbed the Mrs. Shen and left in a satisfied manner: "Mom, let's not disturb her anymore. Let's go! "

Mrs. Shen only glanced at Shen Qi once, then turned and followed Shen Yin Yin and left.

Shen Qi laid on the ground in a sorry state, wiping away the tears on her face randomly, and waited for her mind to clear up before finding a few antipyretic pills and swallowing them.

After calling Zhan Bo's mother and asking for his address, Shen Qi did not care that he was still weak from the fever, he went out, waved his hand and took a taxi to his destination.

When Shen Qi arrived, Zhan Bo was already buried.

Zhan Bo's parents silently stood at the side crying, with a few people by their side accompanying them.

Looking at the familiar bright smile on the tombstone, Shen Qi's heart felt like it was being stabbed by knives.

Shen Qi staggered over, and knelt in front of the tombstone, trembling as she caressed that familiar smile, tears silently flowing down her face.

Zhan Bo...

How could you do this to me?

Didn't you say that you would never leave me this time?

Why were they separated by life and death now?

You big liar, you clearly promised to protect me for the rest of my life!

You clearly said that you would never let go of my hand in this lifetime ...

You said that when you came back, you would get engaged and get married...

You see, my fingers have made room for your ring.

What about the ring? Where's your ring?

Take it out, take it out quickly, put it on for me!

You can't... No... You lied to me like this...

Zhan Bo's mother walked forward and patted Shen Qi's shoulders, his eyes red, he said: "Xiao Qi, it is our Zhan Clan that does not have this blessing. "If there's still a next life, if I still have a son, I'll marry you and have you become my daughter-in-law."

CEO - Chapter 5 reunion

“Auntie, I want to stay here with him.” Shen Qi’s voice was very low, her eyes were glazed, causing one’s heart to ache: “We have all left, he will be lonely.”

After saying that, Shen Qi silently hugged her knees as she sat in front of the tombstone, and silently cried.

Zhan Bo’s parents sighed, and walked away after turning their heads around three times.

Shen Qi just sat there, not moving at all.

The next morning, the workers who were working in the cemetery realized that Shen Qi, who had already been sitting in the grave for an entire day and night, had fainted.

When Shen Qi woke up again, it was already afternoon.

Shen Qi opened her eyes and saw a few drops hanging on top of her head.

Wasn’t he at the cemetery? Why was he in the hospital?

He couldn’t hold on any longer. Did he pass out?

He was still so useless after all. He couldn’t even accompany her for the last time ...

Two streams of clear tears gently rolled down her cheeks, seeping into her temples in an instant and disappearing.

Seeing that Shen Qi had woken up, the nurse checked her body temperature and said in satisfaction, “You have been unconscious for three days. Finally, the temperature has dropped. Fortunately, the delivery was timely, otherwise it would have turned into pneumonia. “

Shen Qi did not utter a word as she stared at the ceiling above him.

The nurse looked at her more as she adjusted the IV. The patient was said to have been sent from the cemetery. Was his grief due to the death of his loved ones?

“Thank you ...” Please help me with the discharge procedures. ” Shen Qi pursed his lips, which were dry and cracked. The pain of saying a single word.

The nurse was stunned. “But you’re not completely recovered.”

“It’s all right. I don’t have enough money. ” Shen Qi said while trembling.

The nurse looked at Shen Qi for a moment, then turned around and helped her complete the discharge procedures.

Shen Qi took out all her money to pay for the medicine, which was only enough for the trip home.

Shen Qi bought the cheapest train ticket and leaned on the corridor of the carriage as she made her way back.

The exit was bustling with people, Shen Qi left the noise behind and stumbled forward.

His entire body was boiling. It seemed that the fever that had just subsided had reignited once again.

Shen Qi laughed bitterly from the bottom of her heart, her vision becoming blurry once again.

Shen Qi tried her best to determine the direction, but when she turned around, she felt a familiar dizziness.

The next second, a sharp and ear-piercing sound of brakes suddenly came from behind him.

Shen Qi turned, and was about to apologize. Before she could say anything, her vision went dark and she collapsed weakly onto the ground.

Before she fell to the ground, she vaguely saw a familiar figure.

He Yi Ning stepped on the brakes, he never thought that he would actually meet that woman here.

It really was ...

They were lingering.

He Yi Ning got off the carriage, walked to the front and squatted to take a look, this woman's face was completely red, with a touch, his body was as hot as fire.

Is this woman crazy?

He's running around with a high fever.

He Yi Ning frowned.

He raised his head and saw that there were people surrounding him. Some of them had surprised expressions on their faces and wanted to take pictures secretly. A trace of displeasure flashed across their eyes.

He Yi Ning immediately carried Shen Qi horizontally and placed him on the front passenger seat. After fastening her seat belt, her eyes coldly swept over the people who were taking secret photos.

The hands of those people who were secretly taking photos couldn't help but shake as they hurriedly put down their phones.

What a terrifying man.
